This report and the financial statements contained herein are submitted for the general information of the holders of units of the Portfolios. This report is not authorized for distribution to prospective participants in the Portfolios unless preceded or accompanied by a current Fact Kit.

Portfolio units are not deposits or obligations of, or guaranteed by, any depository institution. Units are not insured by the FDIC, Federal Reserve Board or any other agency, and are subject to investment risks, including possible loss of principal amount invested.

The CHET 529 College Savings Program Direct Plan is not insured by the State of Connecticut or Fidelity Investments and neither the principal deposited nor the investment return is guaranteed by the State of Connecticut or Fidelity Investments.

Although the underlying deposits are eligible for FDIC insurance, subject to applicable federal deposit insurance limits, the Units of the Bank Deposit Portfolio are not insured or guaranteed by the FDIC or any other government agency. You are responsible for monitoring the total amount of your assets on deposit at the depository bank, including amounts held directly at the depository bank. All such deposits held in the same ownership capacity at the depository bank are subject to aggregation and to the current FDIC insurance coverage limitation of \$250,000. Please see a 529 Fact Kit for more details.

Neither the Portfolios, the mutual funds in which they invest, nor Fidelity Distributors Corporation is a bank.

Treasurer's Message to Participants (Unaudited)

Dear Participant:

On behalf of the state of Connecticut, it is my pleasure to present you with the Annual Report for the CHET Direct Plan, managed by Fidelity Investments.

We are pleased to offer CHET Direct Plan participants a diverse selection of investments to help you achieve your college savings goals. The CHET Direct Plan includes age-based and risk-based, or static portfolios that are invested in Fidelity mutual funds, as well as age-based blend portfolios that invest in a combination of Fidelity active funds and Fidelity index funds. In addition, the CHET Direct Plan offers index portfolios that are invested solely in Fidelity index funds.

The investment options in the CHET Direct Plan provide you with a variety of investment choices, including sophisticated age-based solutions directly linked to an objective-based investment approach to help achieve your savings goals for higher education. The CHET Direct Plan's earnings grow tax deferred, and withdrawals for qualified higher-education expenses—such as tuition, books, and room and board costs—are exempt from federal and Connecticut income tax. As a reminder, Connecticut residents may deduct up to \$5,000 (filing single) or \$10,000 (filing jointly) from their annual taxable state income when making a contribution to their CHET Direct Plan.

We encourage you to call Fidelity's dedicated College Planning Specialists at 877-799-CHET (2438) for a personalized review of your specific college savings goals or with any questions about the CHET Direct Plan.

On behalf of the state of Connecticut, thank you for choosing the CHET Direct Plan.

Sincerely,
Office of The Treasurer
State of Connecticut

Management's Discussion of Fund Performance (Unaudited)

Market Recap:

For the 12 months ending June 30, 2023, continued global economic expansion, falling commodity prices and a slowing in the pace of inflation provided a favorable backdrop for risk assets. The U.S. Federal Reserve and other central banks aggressively tightened monetary policy throughout the period to combat persistently high inflation, leading to a broad retreat from riskier assets and declining prices for stocks and bonds through September 2022. Markets then experienced a sharp reversal, however, amid optimism on moderating inflation and policy easing, allowing risk assets to rally through the first half of 2023, with U.S. large-cap stocks leading the way.

International equities rose 12.92% for the 12 months, according to the MSCI ACWI (All Country World Index) ex USA Index. All seven regions gained for the period, led by Europe ex U.K. (+26%), Japan (+19%) and the U.K. (+13%). Notable laggards included emerging markets (+2%), Asia Pacific ex Japan (+6%) and Canada (+8%). All but two sectors advanced, with industrials (+25%) and information technology (+25% each) standing out. Financials (+14%) topped the broader market, driven by a rebound among banks. In contrast, the defensive real estate (-9%) sector fared worst.

U.S. stocks gained 18.90% for the 12 months, as measured by the Dow Jones U.S. Total Stock Market Index. All but two sectors gained, with three growth-oriented groups standing out: information technology (+40%), industrials (+27%) and consumer discretionary (+24%). Conversely, real estate (-4%) and utilities (-3%) lagged most. Growth shares outpaced value, while larger-cap stocks topped small-caps. Commodities returned -9.61%, according to the Bloomberg Commodity Index Total Return.

U.S. taxable investment-grade bonds returned -0.94% for the 12 months, per the Bloomberg U.S. Aggregate Bond Index, amid high inflation and rising interest rates. Since March 2022, the Fed has hiked its benchmark interest rate 10 times, by 5 percentage points, while allowing up to billions in bonds to mature each month without investing the proceeds. U.S. Treasuries (-2.13%) trailed U.S. investment-grade corporate bonds (+1.39%), while commercial mortgage-backed securities (-1.71%) and agencies (-0.40%) also lost ground. Outside the index, leveraged loans (+10.97%), U.S. high-yield bonds (+8.87%) and emerging-markets debt (+6.85%) rallied, whereas Treasury Inflation-Protected Securities (-1.40%) declined.

Comments from Co-Portfolio Managers Andrew Dierdorf, Brett Sumsion and Bruno Weinberg Crocco:

For the fiscal year, returns for the age-based and risk-based (i.e., Aggressive Growth Moderate Growth and Conservative) Fidelity Funds Portfolios were positive, ranging from 1.47% to 17.99%. The Fidelity actively managed age-based and risk-based portfolios had mixed performance, net of fees, relative to their respective Composite indexes this reporting period. Generally speaking, the performance of the more-conservative Fidelity Funds lagged their respective Composite indexes, and the more-aggressive Fidelity Funds outperformed. Among the age-based Fidelity Funds, security selection among the underlying investment funds contributed to performance versus Composites, especially among U.S. equities, U.S. investment-grade bonds and non-U.S. equities. Within U.S. equities, an investment in Fidelity Series® Growth Company Fund (+33.66%) outperformed its benchmark, the Russell 3000® Growth Index (+26.60%). Among underlying investment-grade bond funds, Fidelity Series® Investment Grade Bond Fund gained 0.45%, topping the -0.94% result of its benchmark, the Bloomberg U.S. Aggregate Bond Index. In non-U.S. equities, Fidelity Series® Emerging Markets Opportunities Fund (+6.03%) outpaced its benchmark, the MSCI Emerging Markets Index (+1.79%). Conversely, active asset allocation decisions detracted from the relative performance of the age-based Fidelity Funds. Specifically, underweighting U.S. equities weighed on the Funds' relative results, given the strong performance of the asset class. Overweighting weak-performing long-term U.S. Treasury bonds and an out-of-Composite allocation to Commodities, which returned -10.55%, also detracted from relative performance. *(For specific results for the various Portfolios, please refer to the Management's Discussion and Analysis section of this report.)*

Note to shareholders: Application of FMR's environmental, social and governance (ESG) ratings process and/or its sustainable investing exclusion criteria may affect the exposure of one or more of the portfolios to certain issuers, sectors, regions and countries, and may affect the portfolios' performance.

The views expressed above reflect those of the portfolio manager(s) only through the end of the period as stated on the cover of this report and do not necessarily represent the views of Fidelity or any other person in the Fidelity organization. Report of Independent Auditors

To the Management of the Connecticut Higher Education Trust ("CHET") – the CHET 529 College Savings Program Direct Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the CHET 529 College Savings Program Direct Plan (a savings program of the Connecticut Higher Education Trust) (the "Plan"), which comprise the statement of fiduciary net position as of June 30, 2023 and the related statement of changes in fiduciary net position for the year then ended, including the related notes.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Plan as of June 30, 2023, and the changes in fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Plan are intended to present the financial position and the changes in financial position of the CHET 529 College Savings Program Direct Plan and do not purport to, and do not, present fairly the financial position of the Connecticut Higher Education Trust or the State of Connecticut as of June 30, 2023, the changes in their financial position, or, where applicable, their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 9 through 11 be presented to supplement the basic financial statements. Such information is the responsibility of management, although not a part of the basic financial statements, is required by *the Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Plan's basic financial statements. The supplemental information on pages 21 through 50 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 7, 2023 on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control over financial reporting and compliance.

NPV - Net Position Value per Unit

For the year ended June 30, 2023, the Direct Plan had subscriptions of \$926.5 million and redemptions of \$(850.4) million during the year. At June 30, 2023, the Plan's Fiduciary Net Position totaled \$4,329.2 million, an increase of \$407.5 million, or 10.4%, since June 30, 2022.

For the year ended June 30, 2023, the Direct Plan's results included \$126.9 million from investment income, incurred \$(14.1) million for operating expenses and had a net increase in fair value of investments of \$218.6 million.

Overview of the Financial Statements

This report consists of two parts: Management's Discussion and Analysis (this section) and the basic financial statements. The basic financial statements are comprised of a Statement of Fiduciary Net Position, a Statement of Changes in Fiduciary Net Position and Notes to Financial Statements that explain the information in the financial statements and provide more detailed information. The measurement focus of economic resources is where a set of financial statements report all inflows, outflows and balances effecting an entity's net position.

Management's Discussion and Analysis (Unaudited), *continued*

The Direct Plan's financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments.

The Statement of Fiduciary Net Position presents information on the Direct Plan's assets and liabilities, with the difference between the two reported as net position as of June 30, 2023. This statement, along with all of the Direct Plan's financial statements, is prepared using the accrual basis of accounting. Subscriptions are recognized when enrollment in the Direct Plan is finalized; subsequent subscriptions and redemptions are recognized on the trade date; expenses and liabilities are recognized when services are provided, regardless of when cash is disbursed.

The Statement of Changes in Fiduciary Net Position presents information showing how the Direct Plan's net position changed during the year. Changes in net position are reported as soon as the underlying event giving rise to the current change occurs, regardless of the timing of related cash flows. Thus, income and expenses are reported in this statement for some items that will result in cash flows in future fiscal years.

The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

This report presents the operating results and financial status of the Direct Plan, which the State of Connecticut reports as a fiduciary fund. Fiduciary fund reporting is used to account for resources held for the benefit of parties outside the governmental entity.

Fidelity Funds Portfolios invest in a combination of Fidelity equity, commodity, fixed-income, and short-term funds, which are primarily actively managed by Fidelity Management & Research Company LLC (FMR), an affiliated adviser or sub-adviser, or Geode Capital Management, LLC (Geode), a registered investment adviser.

Fidelity Index Portfolios invest in a combination of Fidelity equity, commodity, fixed-income, and short-term funds, which are primarily passively managed by FMR, an affiliated adviser or sub-adviser, or Geode. There are individual fund Portfolios which invest in a single equity, fixed-income, or money market fund, also managed by FMR, an affiliated adviser or sub-adviser, or Geode.

CHET 529 Bank Deposit Portfolio invests in an interest-bearing account held at Wells Fargo Bank, N.A. CHET 529 Stable Value Portfolio (Stable Value Portfolio) invests in the CHET 529 Stable Value Admin Pool (Stable Value Admin Pool), which is a separately managed account (SMA) formed to pool together Fidelity Education Income Fund (and four wrap contracts), as well as Fidelity Series Government Money Market Fund.

Fidelity Blend Portfolios invest in a combination of Fidelity equity, commodity, fixed-income, and short-term funds which are both actively- and passively managed by FMR, an affiliated adviser or sub-adviser, or Geode. Fidelity equity, commodity, fixed-income, and short-term funds are collectively referred to as Underlying Funds.

CHET 529 Sustainable Multi-Asset Portfolio commenced operations on July 27, 2022. In addition, the following Portfolios commenced operations on December 28, 2022:

- CHET 529 Portfolio 2042 (Fidelity Funds)

2. Significant Accounting Policies:

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as prescribed by Governmental Accounting Standards Board (GASB), which require management to make certain estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates. Subsequent events, if any, through the date that the financial statements were issued, September 7, 2023, have been evaluated in the preparation of the financial statements. The following summarizes the significant accounting policies of the Portfolios:

Investment Valuation. Investments are valued as of 4:00 p.m. Eastern time on the last calendar day of the period. Each Portfolio, except Principal Plus Interest, categorizes the inputs to valuation techniques used to value its investments into a disclosure hierarchy consisting of three levels as shown below:

- Level 1 - quoted prices in active markets for identical investments
- Level 2 - other significant observable inputs
- Level 3 - unobservable inputs (including each Portfolio's own assumptions based on the best information available)

Valuation techniques used to value each Portfolio's investments by major category are as follows:

Investments in the Underlying Funds are valued at their closing net asset value (NAV) each business day and are categorized as Level 1 under the Fair Value Hierarchy.

The Funding Agreements, to which certain Portfolios allocate assets, are considered non-participating interest-earning investment contracts. The Funding Agreements seek to preserve capital and provide a stable return. At year end, the Funding Agreements are held at contract value and are excluded from the fair value hierarchy.

For the CHET 529 Stable Value Portfolio, the underlying assets in CHET 529 Stable Value Portfolio are marked to market daily and reported to the Direct Plan. In addition, wrap contracts with respect to the underlying assets in CHET 529 Stable Value Portfolio seek to provide for minimal fluctuation in principal values. The wrap contracts are valued by various insurance wrap providers and reported to Fidelity monthly at contract value (also known as book value). At year end, CHET 529 Stable Value Portfolio investments are held at contract value and are excluded from the fair value hierarchy.

Investment Transactions and Income. For financial reporting purposes, the Portfolios' investment holdings and net position value (NPV) include trades executed through the end of the last business day of the period. The NPV per unit for processing participant transactions is calculated as of the close of business of the New York Stock Exchange (NYSE), normally 4:00 p.m. Eastern time, and includes trades executed through the end of the prior business day. Gains and losses on securities sold are determined on the basis of average cost. Income distributions from the Underlying Funds, if any, are recorded on the ex-dividend date. Interest income is accrued as earned. There are no distributions of net investment gains or net investment income to the Portfolios' participants or beneficiaries.

Expenses. Expenses are recorded on the accrual basis. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known. Expenses included in the accompanying financial statements reflect the expenses of each Portfolio and do not include any expenses associated with the Underlying Funds.

Units. The beneficial interests for each Account Owner in the Portfolios are represented by Direct Plan units. Subscriptions and redemptions are recorded upon receipt of Account Owner's instructions in good order, based on the next determined net position value per unit (Unit Value). Unit Values for each Portfolio are determined at the close of business of the NYSE. The Unit Value for financial reporting purposes may differ from the Unit Value for processing transactions. The Unit Value for financial reporting purposes includes security and shareholder transactions through the date of this report.

Subscriptions and redemptions. Subscriptions on the Statement of Changes in Fiduciary Net Position include any subscriptions to the Direct Plan made by Account Owners and any exchanges within the Direct Plan that result in a reinvestment of assets. Redemptions on the Statement of Changes in Fiduciary Net Position include any redemptions from the Direct Plan made by Account Owners and any exchanges within the Direct Plan that result in a withdrawal and subsequent reinvestment of assets.

Other. There are no unrecognized tax benefits in the accompanying financial statements in connection with the tax positions taken by each Portfolio. The Portfolios do not file any tax returns since the Trust is exempt from federal and state income tax under Section 529 of the IRC. Amounts withdrawn for reasons other than payment of qualified education expenses generally will be subject to a 10% federal tax penalty on earnings in addition to the income tax that is due. These taxes are payable directly by Account Owners and therefore are not deducted from the assets of the Direct Plan.

3. Fees:

The Trustee entered into a Management and Administrative Services agreement with Fidelity Brokerage Services, LLC (FBS) to provide administrative, record keeping, distribution and marketing services to the Trust. According to this agreement and a related investment advisory agreement with FMR, an investment adviser registered under the Investment Advisers Act of 1940 that provides investment management services to the Trust, a Management and Administration Fee is charged to the Portfolios at an annual rate based on the net assets of each Portfolio. The Management and Administration Fee has up to three components, a Program Manager Fee that is paid to FMR, a Bank Administration Fee that is paid to FBS and a State Fee that is paid to the Trustee.

For Fidelity Funds Portfolios that invest primarily in actively managed Fidelity mutual funds, the Program Manager Fee is charged at an annual rate of .16%. For Fidelity Index Portfolios that invest in Fidelity index mutual funds, the Program Manager Fee is charged at an annual rate of .08%. For Fidelity Blend Portfolios that invest in a combination of actively-managed Fidelity mutual funds and Fidelity index mutual funds, the Program Manager Fee is charged at an annual rate of .11%. For CHET 529 Bank Deposit Portfolio, the Program Manager Fee is charged at an annual rate ranging from .04% to .09% depending on the daily Federal Funds Target Rate. For CHET 529 Stable Value Portfolio, the Program Manager Fee is charged at an annual rate of .07%.

The Bank Administration Fee paid to Fidelity for its administration services in connection with CHET 529 Bank Deposit Portfolio is charged at an annual rate ranging from .00% to .40% depending on the daily Federal Funds Target Rate. The Bank Administration Fee is charged only to the CHET 529 Bank Deposit Portfolio.

For Fidelity Funds Portfolios that invest primarily in actively managed Fidelity mutual funds, the State Fee is charged at an annual rate of .01%. For Fidelity Index Portfolios that invest in Fidelity index mutual funds, the State Fee is charged at an annual rate of .01%. For Fidelity Blend Portfolios that invest in a combination of actively managed Fidelity mutual funds and Fidelity index mutual funds, the State fee is charged at an annual rate of .01%. For CHET 529 Bank Deposit Portfolio and CHET 529 Stable Value Portfolio, the State Fee is charged at an annual rate of .01%.

Management Fees. Portfolio Management Fees are assessed against assets and paid to the Program Manager for Fidelity Funds Portfolios, Fidelity Index Portfolios and Fidelity Blend Portfolios. For Age-Based Fidelity Funds Portfolios and Age-Based Fidelity Blend Portfolios, this fee will be reduced annually until a Portfolio’s asset allocation aligns and merges with each of the respective CHET 529 College Portfolios. The fee reduction is reflected in the following Portfolio Management Fee Roll-down Schedule. The current Portfolio Management Fees for all Portfolios is disclosed in the most recent Fact Kit.

Portfolio Management Fee Roll-down Schedule:			
Portfolio Years*	Years to College	Fidelity Funds Portfolios (%)	Fidelity Blend Portfolios (%)

2024	2	0.47	0.32
	1	0.45	0.31
	0	0.44	0.29
College Portfolio	-	0.43	0.28

* Portfolio Years represents each Age-Based Fidelity Funds Portfolio and Fidelity Blend Portfolio and the approximate year ranges between each Portfolio until the oldest Age-Based Portfolio reaches the year that it merges with the College Portfolio. For example, as of January 1, 2024, the Age-Based Portfolio 2039 is expected to be next to 15 Years to College and 0.64% for Fidelity Funds Portfolios and 0.45% for Fidelity Blend Portfolios.

Stable Value Insurance Wrap Fee. There is a Stable Value Insurance Wrap Fee that is paid to the third-party insurance issuers of the insurance contracts that wrap the underlying investments of the Stable Value Portfolio. This fee is a contractual fee assessed against the assets of the Stable Value Portfolio and is currently at an annual rate of 0.15% of net assets but may increase based on the contract terms with the insurance providers.

4. Investments:

As of June 30, 2023, net unrealized appreciation (depreciation) of portfolio investments was \$(189,104,021), consisting of gross unrealized appreciation of \$101,525,174 and gross unrealized depreciation of \$(290,629,195).

5. Other Information:

In the normal course of business, the Direct Plan may enter contracts that provide general indemnifications. The Direct Plan's maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the Direct Plan. The risk of material loss from such claims is considered remote.

The Portfolios do not invest in the Underlying Funds for the purpose of exercising management or control; however, investments by the Portfolios within their principal investment strategies may represent a significant portion of an Underlying Fund's net assets.

As of June 30, 2023, FMR or its affiliates owned 20% of the outstanding shares of the following Underlying Funds:

<u>Underlying Funds:</u>	<u>% of shares held</u>
Fidelity Series Investment Grade Securitized Fund	24.4%
Fidelity Series Corporate Bond Fund	24.4%
Fidelity Series Government Bond Index Fund	24.4%

6. Investment Risk:

Certain investments are subject to a variety of investment risks based on the amount of risk in the Underlying Funds. GASB requires that entities disclose certain essential risk information about deposits and investments. All the Direct Plan's Portfolios are uninsured, unregistered and are held by a custodian in the Direct Plan's name.

Investment policy. The Direct Plan does not have specific investment policies which address credit, interest rate, foreign currency, or custodial credit risk. The Direct Plan's Portfolios are managed based on specific investment objectives and strategies which are disclosed in the most recent Fact Kit.

Custodial credit risk. Custodial credit risk represents the potential inability of a custodian to return Direct Plan deposits and investments in the event of a failure.

Credit risk. The mutual funds investing primarily in fixed income securities are subject to credit risk. Credit risk refers to the ability of the issuer to make timely payments of interest and principal. The mutual funds do not carry a formal credit quality rating. The Funding Agreement is a guaranteed insurance product issued by TIAA Life. TIAA Life had a Standard & Poor's credit rating of AA+ at June 30, 2023.

Interest rate risk. Interest rate risk represents exposure to changes in the fair value of investments due to volatility in interest rates. At June 30, 2023, the average maturities for the fixed income mutual funds with at least one year of operations are as follows:

<u>Underlying Fund</u>	<u>Value</u>	<u>Weighted Average Maturity</u>
Fidelity Intermediate Treasury Bond Index Fund	\$ 70,576,844	7.0 years
Fidelity Series Bond Index Fund	116,745,240	8.6 years
Fidelity Series Corporate Bond Fund	124,177,529	11.4 years
Fidelity Series Emerging Markets Debt Fund	12,033,640	14.8 years
Fidelity Series Floating Rate High Income Fund	2,739,020	5.1 years
Fidelity Series Government Bond Index Fund	181,204,209	7.7 years
Fidelity Series Investment Grade Bond Fund	211,360,062	8.6 years
Fidelity Series Investment Grade Securitized Fund	125,807,517	7.5 years
Fidelity Series Long-Term Treasury Bond Index Fund	127,208,323	22.9 years
Fidelity Series Short-Term Credit Fund	2,119,554	2.0 years
Fidelity Series Treasury Bill Index Fund	117,271,049	0.4 years

Foreign currency risk. Foreign currency risk represents exposure to changes in the fair value of investments due to volatility in exchange rates. The Direct Plan does not have any direct investment in foreign securities. Certain Direct Plan Portfolios allocate assets to mutual funds that are exposed to foreign currency risk. At June 30, 2023, the value of investments in mutual funds that significantly invest in foreign denominated securities are as follows:

<u>Underlying Fund</u>	<u>Value</u>
Fidelity Global ex U.S. Index Fund	\$ 44,067,062
Fidelity Series Canada Fund	34,835,621
Fidelity Series Emerging Markets Debt Fund	12,033,640
Fidelity Series Emerging Markets Debt Local Currency Fund	4,021,905
Fidelity Series Emerging Markets Fund	31,855,600
Fidelity Series Emerging Markets Opportunities Fund	151,120,930
Fidelity Series Global ex U.S. Index Fund	239,514,998
Fidelity Series International Growth Fund	82,842,600
Fidelity Series International Index Fund	28,367,124
Fidelity Series International Small Cap Fund	25,058,057
Fidelity Series International Value Fund	82,832,038
Fidelity Series Overseas Fund	82,863,295

7. Risk and Uncertainties.

Many factors affect a portfolio's performance. Developments that disrupt global economies and financial markets, such as pandemics, epidemics, outbreaks of infectious diseases, war, terrorism, and environmental disasters, may significantly affect a portfolio's investment performance. The effects of these developments to a portfolio will be impacted by the types of securities in which a portfolio invests, the financial condition, industry, economic sector, and geographic location of an issuer, and a portfolio's level of investment in the securities of that issuer.

Wrap Contract Risk. The CHET 529 Stable Value Portfolio is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering its underlying assets that are not otherwise invested in stable NAV money market funds. This could result, for example, from the CHET 529 Stable Value Portfolio's inability to promptly find a replacement wrap contract following termination of a wrap contract. FMR will attempt to assess the credit quality of wrap issuers, but there is no guarantee as to the financial condition of a wrap issuer. The issuer's ability to meet its contractual obligations under the wrap contracts may be effected by future economic and regulatory developments. Wrap contracts are non-transferable and have no trading market. There are a limited number of wrap issuers and, with respect to those wrap issuers, a limited amount of wrap capacity. The Stable Value Portfolio may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets. In the event that wrap contracts fail to perform as intended, the CHET 529 Stable Value Portfolio's NAV may decline if the market value of its assets declines.
